REPLY TO THE COMMUNICATION MAILED 10/29/2003COMMISSIONER FOR PATENTS
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

In the communication mailed October 29, 2003, the examiner objected that the reply filed on August 15, 2003 is not fully responsive to the Office Action mailed March 26, 2003 because the reply contains errors in that claim 1 as set forth in the reply is not the claim that was previously presented and found allowable and claim 2 of record is not the original claim 2. Applicant's undersigned attorney apologizes for the errors in presentation of the claims, which occurred through an oversight and without deceptive intention. The claims currently of record are now presented again and it is believed that the current status of each claim is accurately given and that markings showing current changes are accurately provided.
